Technical characteristics:

Voltage:	220 - 240 V, 50 - 60 Hz
Protection class:	I
Protective system:	Front side Ip40/Back side IP 20
Colour index:	840 - high colour rendering
Electric power:	35 W
device life cycle:	50 000 h
inclusive emergency lighting:	possible for safety lighting installation according to EN 50172
Control gear:	LED-Driver directly mounted to the luminaire housing, dimmable on request, device life cycle up to 100.000h
Connection:	GST 18i3 H05VV-3 3x1,5 3-pin plug-in system prefabricated supplied with connection cable
Case:	galvanized steel, powder coated, match to the ceiling system
Distribution of light:	by use of Micro-prisms-diffuser consisting of acrylic glass PMMA
LED-Luminaires:	suitable for lighting of computer screen workplaces according to EN12464-1
Delivery:	pre finished
Luminaire luminousflux::	3349 lm
Colour Temperature/ Luminous Colour:	4000K/neutral white
